

## Info Covid-19

### SAFE HOLIDAYS IN CORONAVIRUS TIMES

Dear Customer,

The staff of MARTUR RESORT is happy to share needs and desires of normality, offering its customers, a holiday in serenity and safety. We guarantee the application of the following rules of conduct, which derive from the current anti-Covid regulations.

Below we present the appropriate behaviors for a peaceful and relaxing stay:

- In order to avoid lines at the reception we will ask guests to send us their personal details and a copy of their identification document before arrival.
- Upon arrival at the facility, body temperature will be measured.
- We maintain a cordially distanced relationship.
- All our staff wear a mask or screen and measure their body temperature daily.
- Hotel guests are required to wear the mask in common areas and to maintain social distancing.
- The table layout guarantees a distance of 2 meters or 1 meter back to back.
- Meals will be eaten, practically outdoors, in our seafront restaurant, which is open on three sides.
- We offer the possibility to book meals in your room at an additional cost of € 20.
- The surfaces of the rooms and common areas are disinfected according to health regulations.
- We pay special attention to the ventilation of the rooms.
- In the hotel you will find a number of hand disinfection stations.
- You can dispense with daily cleaning if you do not want strangers in your room.
- A thermoscanner is always available in the hotel.

And with these good rules of civil collaboration, we hope to make our guests spend a restful holiday that somehow reconciles us with normality.
